

Mbarara Integrated Concrete Products Factory

Serious Phase 1 funding summary for a lean concrete products factory in Mbarara, Uganda.

Hillary Arindamukama, a 25-year-old international student at FAU Erlangen-Nuernberg studying B.Sc. Clean Energy Processes, is building a disciplined manufacturing startup for Western Uganda. The project starts lean: blocks, standard pavers, kerbstones, basic quality control, inventory discipline, and direct sales before heavy expansion.

Funding ask	UGX 130,000,000	Phase 1 startup cost	UGX 128,000,000
Cash buffer	UGX 2,000,000	Monthly profit target	UGX 20,000,000
Model revenue	UGX 140,020,000	Model net profit	UGX 36,092,578
Break-even revenue	UGX 39,334,142	Annualised ROI estimate	338.4%

Phase 1 Product Focus

6-inch hollow blocks, 8-inch hollow blocks, solid blocks, 60 mm pavers, 80 mm pavers, kerbstones. Ready-mix concrete, culverts, heavy drainage expansion, extra moulds, advanced laboratory equipment and regional depots are deferred until operating cash flow supports them.

Use of Funds

Item	UGX	Status
Semi-automatic block/paver machine, mixer, vibrator	UGX 45,000,000	Essential quotation required
Starter moulds: 6-inch, 8-inch, solid, 60 mm, 80 mm, kerbstone	UGX 14,000,000	Essential only
Site preparation, curing yard, drainage, basic shed works	UGX 14,000,000	Lean starter works
Electrical and water connection setup	UGX 7,000,000	Essential utilities
Pallets, wheelbarrows, hand tools, racks, safety gear	UGX 8,000,000	Starter handling
Starter raw materials and packaging	UGX 24,000,000	Working stock
Permits, basic laboratory tools, compliance and safety	UGX 4,000,000	Basic QC only
Launch labour, security, administration	UGX 7,000,000	Opening month reserve
Sales, local transport, customer visits	UGX 3,000,000	Launch campaign
Unallocated cash buffer	UGX 2,000,000	Do not spend unless necessary

Data Confidence and Disclaimer

All currency is UGX only. Market prices, machinery quotations, supplier records and competitor information are labelled Estimated or Quotation Required unless directly verified. Re-verify prices and legal/regulatory requirements before investment decisions.
